5 Port IEEE-1394 Firewire Hub

StarTech ID: 1394HUB

Capable of transferring data at up to 400 Mbps, FireWire technology is the hottest thing going these days. StarTech.com's 1394HUB is a 6 port FireWire hub that allows you to connect devices such as digital video cameras, scanners, external drives and other peripherals to your PC. FireWire supports hot-swapping, meaning you can connect and reconnect peripheral devices while the system is running and don't have to restart your machine. StarTech.com's strict manufacturing code ensures that the 1394HUB is fully compliant with IEEE 1394 standards.

Applications

- Use for digital video presentation and editing
- Desktop and commercial publishing, document imaging, home multimedia and personal computing
- May be used with digital camcorders, digital cameras, IEEE-1394 hard drives, CD-Roms, scanners, printers and any other FireWire compliant devices

Features

- High speed data transfer rates of 100/200/400 Mbps
- Connect and disconnect FireWire devices without powering down (Hot-plugging)
- Supports up to 63 devices through daisy chaining
- Supports plug and play for easy install

Spec Sheet

Technical Specifications

Warranty	2 Years
Ports	5
External Ports	1 - Firewire 400 (4 pin; IEEE 1394a) Female
External Ports	5 - Firewire 400 (6 pin; IEEE 1394a) Female
Color	Gray
Power Adapter Included	Yes
Input Voltage	12 DC
Shipping (Package) Weight	0.9 lb [0.4 kg]
Included in Package	1 - 6 Port IEEE-1394 Firewire Hub
Included in Package	1 - 1 x 6ft 4 to 6-pin FireWire cable
Included in Package	1 - Power Adapter
Included in Package	1 - Instruction Manual
